

ATCSA The 31st Annual Meeting of The Association of Thoracic and Cardiovascular Surgeons of Asia

ATCSVN The 9th Scientific Conference of The Association of Thoracic and Cardiovascular Surgery of Vietnam

ISMICS The International Society for Minimally Invasive Cardiothoracic Surgery

Sponsor Invitation

Bring people together - Reconnect the future

Dear Colleagues,

On behalf of the Organizing Committee, it is our privilege to invite everyone to **ATCSA - The 31st Annual Meeting of The Association of Thoracic and Cardiovascular Surgeons of Asia** in conjunction with **ATCSVN - The 9th Scientific Conference of the Association of Thoracic and Cardiovascular Surgery of Vietnam** and **ISMICS - The International Society for Minimally Invasive Cardiothoracic Surgery** with the participation of world-class experts in cardiothoracic field from the globe, along with the professionals in Vietnam. The theme of the Congress is “Bring people together, reconnecting the future” take place in Ho Chi Minh city from November 16th to November 18th, 2023.

Cardiothoracic surgery has taken a revolutionary turn over the past decades. Technology has been drastically improved over time. The more advanced technology created, the more knowledge we must learn. The aim of this meeting is to bring to all delegates a friendly exchange environment and a great opportunity to build a strong network with colleagues worldwide.

Knowledge is enhanced when it is shared through meeting friends, exchanging experiences and discussing key topics, hence enable us to shape a better future for thoracic and cardiovascular surgeons.

Therefore, we are calling for your cooperation and support for the development of the Cardiovascular and Thoracic Surgery in Vietnam. We entirely believe that you will receive the corresponding benefits in promoting your images at the Conference (proposed level of funding and the accompanying rights are attached).

Your participation and contribution will definitely make the Congress a great success!

Sincerely,

DO KIM QUE, MD
Chairman of the Organizing Committee
